COMPANY DESCRIPTION

BWRH LIMITED specializes in designing, building, and servicing Solar Energy Systems, Wind Turbines, Electric Vehicle Charging Stations, and Security Systems. BWRH excels at deploying client-specific energy solutions while optimizing each project's environmental impact. We utilize our extensive network of energy experts, electrical and environmental engineers, IT specialists, and industry leaders in manufacturing to provide sustainable energy systems from design to commissioning.

PAST PERFORMANCE

Holsen has successfully commissioned projects including:

- Solar Energy System for MNDOT Weigh Station
- Solar Energy/Energy Storage Systems for Medical Facilities
- Solar Energy/Energy Storage Systems for Agricultural Producers
- Solar Energy/Energy Storage Systems for Manufacturers
- Small to Mid-Size Wind Turbines for Agricultural Producers
- Corporate Security Camera and IT Networking Systems
- Electric Vehicle Chargers

DIFFERENTIATORS

- **Sustainability Commitment:** Dedicated to promoting and implementing environmentally friendly energy solutions.
 - **Innovative Technology:** Utilizes cutting-edge technology with automation and data reporting for enhanced performance and efficiency.
 - **End-to-End In-House Services:** Provides a complete range of services including design, engineering, installation, commissioning and maintenance, all managed in-house.
 - **Comprehensive Solutions:** Offers integrated solutions that cover all aspects of solar energy systems, wind turbines, energy storage, EV chargers, and security camera installations.
 - **Enterprise-Level IT Experience:** Leverages extensive in-house IT expertise to support complex system integrations and ensure robust, scalable solutions.
-

SERVICES PROVIDED

- 221114 - Solar Energy Systems (Ground, Roof, Pole, Tracker): Design, Installation and Maintenance
- 221115 - Wind Turbines: Design, Installation and Maintenance of Small to Mid-Size Turbines
- 561621 - Security Camera and Remote Access Systems: Design, Installation and Maintenance
- 238210 - Electrical And Wiring Installation
- 236115 - New Single-Family Housing Construction
- 236116 - New Multifamily Housing Construction
- 236118 - Residential Remodelers
- 236210 - Industrial Building Construction
- 238110 - Poured Concrete Foundation And Structure Contractors
- 238160 - Roofing Contractors
